

FOCUS K.C.S.E REVISION SERIES

HISTORY & GOVERNMENT

FORM 1

**QUESTIONS AND ANSWERS EMERGENCE OF
KENYAN SOCIETIES**

1. a) Give five reasons, which led to the migration of the Cushites into Kenya before 1800.
 - i) Need for pasture for their animals
 - ii) Population pressure
 - iii) External attacks
 - iv) Outbreak of disease
 - v) Family and clan feuds
 - vi) Escape from drought and famine
 - vii) Adventure
 - viii) Search for fertile land

- b) **Describe the economic activities of the Cushites in the pre - colonial period.**
- i) The Cushites practiced pastoralism. They kept camels, goats, cattle and donkeys.
 - ii) Some of Cushites who lived in oasis and along the river valleys practiced subsistence agriculture. They grew grain crops, vegetables, dates and bananas.
 - iii) They practiced iron smelting. They made iron eg. swords, knives, bangles and arrowheads.
 - iv) They hunted wild game, gathered roots, vegetables and fruits.
 - v) They engaged in craft industry. For example produced leather items such as handbags, belts and clothing.
 - vi) Some of the Cushites who lived near rivers, and along the Indian Ocean practiced fence traps and hooks and line.
 - vii) They traded with their neighbours such as the Samburu and Pokomo. They trade in iron implements and leather products.
2. a) **State five results of the settlement of the Gikuyu in the Mount Kenya Region during the pre colonial period**
- i) The settlement of the Agikuyu in the Mt Kenya region led to the intermarriage with their neighbours e.g Akamba and Maasai.
 - ii) It brought about the expansion of trade in the region,
 - iii) Some communities were displaced by the Agikuyu e.g. the Okiek

- iv) Some communities were assimilated by the Agikuyu e.g. the Okiek/increase in the population in the area.
- v) It promoted cultural interaction between communities e.g. dressing and ceremonies,
- vi) It promoted conflicts in the region over land grazing areas and cattle.

b) Describe the political organization of the Agikuyu during the pre-colonial period.

- i) The Agikuyu were divided into clans. Each clan was made up of several sub-clans (Mbari) with common descent, and usually living in the same ridge.
- ii) Each ridge was under a Muthamaki (spokesman). He was the chairman of the council. Muthamaki emerged due to his personally and leadership potential.
- iii) Each sub-clan was ruled by a council of elders/kiama. The council performed religious, It, “administrative and judicial roles.
- iv) There existed two generation sets (Marika) Mwangi and Maina. The council performed religious administrative and judicial roles.

- v) The warrior class was responsible for defence. A council of war directed them.
- vi) Other leaders such as the prophets, priests and diviners played important role in the society.
- vii) Some individuals rose to top positions of political importance in the late 19th Century as a result of exemplary contributions to the society and wealth acquired.

3. a) State five economic activities of the Kalenjin during the pre-colonial period.

- The Kalenjin practiced livestock keeping
- They practiced crop farming/agriculture.
- They were practicing iron making.
- Hunted and gathered wild fruits and rocks.

b) Explain the functions of the Orkoiyot among the Nandi during the re-colonial period.

- The Orkoiyot presided over religious functions such as offering sacrifices to God.
- He advised the council on matters pertaining to the day running of the community affairs such as ownership of land.
- He advised and blessed the warriors before they went to war.
- He foretold what was going to happen in the future e.g. success in war, famine and calamity.

- He had the ability to make rain by communicating with the spirits of the ancestors.
- He was chief medicine man.

4. State three functions of the Laibon in traditional Maasai society.

- The Laibon of the Maasai blessed the warriors before they went to war.
- He presided over religious activities/ceremonies
- He advised councils of elders.
- He foretold future events.
- They practiced handicrafts/craftwork for instance they made pots, weaved baskets and made leather items such as sandals.
- They hunted wild animals for food and gathered fruits, herbs and honey.
- Cattle raiding was considered an important economic activity. They raided their neighbours such as Agikuyu for cattle.

5. Give two functions of the council of elders among the Akamba during the pre-colonial period.

- i) They had powers to declare war and bring peace.
- ii) They presided over religious and other ritual functions.
- iii) They were the custodians of the sacred roles of ethics.
- iv) They offered advise to the community when need arose.
- v) They ruled the community.

6. a) What factors made the Cushites migrate into Kenya during the pre-

colonial period?

- i) Hostile neighbours in their homeland.
- ii) Succession in disputes/feuds/family conflicts
- iii) Search for pastures for their livestock
- iv) Natural calamities such as drought,
- v) Search for settlement
- vi) Population pressure
- vii) Spirit of adventure.

b) Explain five results of the migration of the Cushites into Kenya during the pre-colonial period.

- i) The Cushites came with their own livestock and so ended livestock farming in areas they where settled.
- ii) Their settlement led to increased rivalry and ownership of land.
- iii) Some Cushites who had been converted to Islam spread religion in the areas where they settled,
- iv) The Cushites attacked the Eastern Bantu Communities who had settled at Shungwaya, and forced them to move to their present homeland in Kenya.
- v) The Cushites intermarried with the communities they found hence increase of population,
- vi) Trade developed between the Cushites and the communities they came into contact with. For example they exchanged livestock products such as milk and butter with the Bantu in return they

obtained grains from Bantu.

vii) The Bantu borrowed some of their cultural practice eg.

circumcision, iron making,

viii) Cushites acquired mixed farming from the Bantu.

7. a) Explain the result of the migration and settlement of the Somali into Kenya by 1800.

i) The Somali people intermarried with the people they came into contact with such as Pokomo and Boran.

ii) Their settlement in Kenya led to the expansion of trade in the region,

iii) Demand for agricultural produce by the Somali led to the expansion of trade in the region.

iv) Their settlement led to the increased conflicts between the communities over resources such as water and pasture.

v) Their migration and settlement led to the displacement and redistribution of people where they settled.

vi) Led to cultural exchange between the Somali and the people they came into contact with. For example the neighbouring communities adopted Islam from the Somali.

vii) Assimilation of some communities they came into contact with eg. Oromo.

viii) Their settlement in high agricultural potential areas e.g. river valleys encouraged some of them to practice crop farming.

- b) **Describe the political organization of the Somali in Kenya during the colonial period.**
- i) The basic political unit of the Somali was the clan. Each clan had its pre - colonial period.
 - ii) A council of elders was in charge of the day - to day affairs of the clan eg. making major clan decisions and settled disputes.
 - iii) A council maintained law and orders and was the final court of appeal,
 - iv) The age set system was an important institute among the Somali and all male members of the society belonged to the age - set. Each age set performed specific role/duties,
 - v) The Somali had leaders called Sultan whose role was mainly advisory,
 - vi) There existed warriors whose main duty was to protect the community against external attacks and acquire possessions for the community,
 - vii) There existed people with special responsibilities eg. Sheikhs and medicine men. They were highly regarded in the community and their opinions were sought before important decisions were made.
8. **Give TWO factors which led to the migration and settlement of the Iteso into Kenya by 1800.**
- i) Search of land/pasture/water for their herds
 - ii) Family/clan feuds/internal conflicts,

- iii) External attacks/pressure
- iv) Increase in population
- v) Outbreak of diseases/epidemics
- vi) Natural calamities e.g. drought
- vii) Spirit of adventure

9. Name two sources of the History of Kenyan communities during the pre - colonial period.

- i) Oral tradition
- ii) Archaeology/artifacts
- iii) Written sources/records e.g. books, magazines, diaries and journals.
- iv) Linguistic genetics/anthropology

10. In what ways did the Kenyan communities interacted during the pre - colonial period?

- i) Through trade
- ii) Through warfare
- iii) Through intermarriage
- iv) Through common festivals/ceremonies e.g. wrestling and cultural exchange e.g. language.

11. a) Describe the migration and settlement of the Eastern Bantu speaking communities in Kenya up to 1800.

- i) They migrated from the original home in the Congo basin and settled in Taita Hills area around Mt. Kilimanjaro by the 2nd Century AD.
 - ii) Some of them later migrated northwards along the Coast to Shungwaya in present day Somali. These were the ancestors of Mijikenda, Pokomo and Taita.
 - iii) The ancestors of the Mount Kenya groups moved into the interior along the Tana River.
 - iv) From about 1450 the communities that had settled in Shungwaya were forced to disperse from the area due to external pressure from the Cushites.
 - v) The ancestors of the Mijikenda and taita moved south and established their settlement along the Coast while those of the Pokomo migrated into the interior and settled along river Tana while the Ameru migrated to the slopes of Mt. Kenya.
- b) Discuss the result of the migration and settlement of the eastern Bantu into Kenya by 1900.**
- i) The incoming Bantu communities had iron weapons which enabled them to displace some of the communities which they came into contact with for example Gumba in the slopes of Mt. Kenya,
 - ii) They intermarried with their neighbours/those people they came into contact with such as the Cushites and Nilotes.

- iii) Their settlement led to expansion/development of trade between them and neighbours.
- iv) There was cultural exchange between the Bantu and their Cushitic and Nilotic neighbours.
- v) Expansion of the Bantu created pressure over land, which led to inter community conflict and wars.
- vi) Inter-community conflicts led to loss of lives and destruction of property,
- vii) Adoption of some agricultural practices from the Bantu.

12. What was the base of the political organization among the Cushites during the pre - colonial period?

- The clan

13. Identify the TWO economic activities which the Maasai acquired as a result of interacting with the Agikuyu during their settlement in Kenya.

- i) Some Maasai sections eg. the kwavi became agriculturalist/farmers/ cultivators.
- ii) Some Maasai became traders.

14. What religious functions did the Orkoiyot of the Nandi perform during the pre - colonial period?

- i) Mediating between God and the People/acting as a priest.
- ii) Offering sacrifices to God on behalf of the people.

- iii) Blessing people before they undertook special activities such as going to war/raids.

15. Give two main factors which influenced the Abaluhya to become crop farmers by the beginning of the nineteenth century.

- i) Possession of iron and iron working skills,
- ii) Settlement in areas with suitable climate,
- iii) Existence of indigenous crops.

16. Name two Bantu communities in Kenya whose ancestors settled in the Mt. Elgon area before migrating to their present homeland.

- i) Abagusii
- ii) Abakuria
- iii) Abaluyha

17. a) Why did the Bantu migrate from their coastal settlement at Shungwaya in the sixteenth century

- i) Invasion of the settlement by the incoming Cushites.
- ii) Internal conflicts/feuds.
- iii) Population increase.
- iv) Outbreak of diseases/epidemics/natural calamities.
- v) Search for more land for settlement and pasture.

b) Describe the political organization of the Mijikenda during pre - colonial period.

- i) The Mijikenda were organized into 4 to 6 clans with many sub - clans e.g. Giriama.

- ii) Each clan lived in protected villages known as Kayas.
- iii) Young men became members of age - sets after going through circumcision.
- iv) Senior age - sets members made up the governing council - Kambi.

18. State two ways in which the Akamba interacted with the Agikuyu in the pre - colonial period.

- i) Through trade
- ii) Through intermarriages
- iii) Through wars and conflicts over ownership of land, animals.

19. Give two economic reasons why the Cushites migrated from their original homestead into Kenya.

- i) Search for pasture/drought
- ii) Outbreak of animal and human disease^
- iii) Search for land for cultivation
- iv) Internal conflicts
- v) Invasion by outsiders
- vi) Overpopulation

20. Identify the main reason why the Mijikenda lived in Kenya.

- To protect themselves against attacks by hostile neighbours.

21. a) Explain five results of the migration and settlement of the plain Nilotes in Kenya.

- i) Their settlement increased conflicts and insecurity in the area as they rivaled other communities over the control of resources.

- ii) They influenced the way of life of other communities they found.
- iii) They displaced some of the communities they found in the area such as the Southen, Cushites.
- iv) Their settlement 'led to an increase in population in the region therefore forcing some communities to migrate.
- v) They promoted commerce in the area as they traded with their neighbours^ practice agriculture.
- vi) The plain Nilotes intermarried with their neighl ours such as Meru, Abaluyha and Kalejin.
- vii) Some communities borrowed the political systems from the Maasai for example the development of the office of the Orkoiyot among the Nandi was due to their interaction with the Maasai.
- viii) It led to the enrichment of the languages spoken in the region as they interacted with other communities.
- ix) Some communities/clans were assimilated by the incoming plain Nilotes.

b) Describe the political organization of the Maasai during the pre - colonial period.

- i) The council of elders ruled the Maasai. The council consisted of ritual leaders, clan heads and family heads among others.
- ii) The council of elders was responsible for maintaining law and order, making decisions about ceremonies, declaring war and settling disputes.

- iii) The age set system was an important institution among the Maasai. There were several age sets and each had leadership roles in turns.
- iv) There existed a class of warriors, the Morans, who used to preside over religious functions and advise the community during crises.
- v) There were ritual leaders among the Maasai. Their function was to preside over religious functions and advise the community during crises.
- vi) The most important ritual head was the Oloiboni. By the mid 19th Century the institution of the Oloiboni had become more influential. Some outstanding were Mbatiani and Lenana.

22. State one way in which the Abagusii and the Kipsigis interacted during the pre - colonial period.

- i) Intermarriages
- ii) Trade
- iii) Raids/warfare

23. State two functions of the council of elders (Njuri Ncheke) of the Ameru.

- i) Solve land and inheritance disputes
- ii) Acted as the Court of Appeal
- iii) Presided over religious functions
- iv) Organized social functions
- v) Advised warriors on when to go wars/raids
- vi) Negotiated peace settlements

24. a) What were the results of the settlement of the Luo in Kenya during the pre - colonial period?

- i) Assimilation of some communities they found in the areas eg. Abasuba
- ii) Intermarriage with the neighbours eg. Abagusii
- iii) Displacement of some communities eg. Abagusii
- iv) Increased conflicts over control of resources between the Luo and their neighbours.
- v) Expansion of trade with their neighbours eg. iron tools
- vi) Occupation of fertile land influenced the Luo to adopt farming in a large scale.

b) Describe the socio - political organization of the Luo during the pre - colonial period.

- i) The Luo were organized into clans, each with a common ancestry.
- ii) The clans were organized into larger units (Gwenge) which were self - governing.
- iii) Each Gwenge was administered by a council of Elders.
- iv) The council administered justice and served as a final court of appeal.
- v) The council coordinated religious functions.
- vi) They had a system of chieftainship (Ruoth) who administered with the help of Council of Elders.
- vii) There were ritual experts such as diviners, medicine men and healers.

- viii) There existed a class of warriors for the defence of the community standing army.
- ix) They believed in the existence of One God (Nyasaye). They prayed to God through priests.
- x) They evenrated / worshipped the ancestral spirits.
- xi) They had sacred places set aside for worship.
- xii) They practiced initiation rites eg. removal of lower teeth / front teeth.
- xiii) They celebrated important eg. harvest, marriage through drinking, eating, wrestling and dancing.

25. a) **Give five reasons which led to the migration of the Cushites into Kenya before 1800.**

- i) Need for pasture for their animals.
- ii) Population pressures
- iii) External attacks
- iv) Outbreak of diseases
- v) Family and clan feuds
- vi) Escape from drought and famine
- vii) Adventure
- viii) Search for fertile land

b) **Describe the economic activities of the Cushites in the pre - colonial period.**

- i) The Cushites practised pastoralism. They kept camels, goats, cattle and donkeys.
- ii) Some Cushites who lived in oasis and along the river valleys, practiced subsistence agriculture. They grew grain crops vegetables, dates and bananas.
- iii) They practiced iron smelting. They made iron tools eg. swords, knives, bangles and arrowheads.
- iv) They hunted wild game and gathered roots, vegetables and fruits.
- v) They engaged in craft industry. For example they produced leather items such as handbags, belts and clothing.
- vi) Some of the Cushites who lived near rivers and along the Indian Ocean practiced fishing using fence traps, hooks and line.
- vii) They traded with their neighbours such as the Samburu and Pokomo. They traded in iron implements and leather products.

SOURCES OF HISTORY AND GOVERNMENT

1. a) **Give five reasons for studying history.**
 - i) Assumption of knowledge about the past
 - ii) Using it to develop a sense of time
 - iii) To develop a sense of belonging/culture
 - iv) To learn from past mistakes and achievement.
 - v) Provide intellectual fulfilment
 - vi) To develop critical thinking/reasoning
 - vii) Helps us appreciate why we need a government
 - viii) Instill a sense of patriotism and national pride
 - ix) Helps us in attainment of a profession.
- b) **Explain three limitations of using the following:**
 - i) **Oral tradition**
 - Information may be exaggerated and this may distort history
 - Some information may be forgotten/omitted due to loss of memory.
 - Some information is based on dominant groups such as leaders/heroes; this may not correct bias.
 - It is difficult to give correct dates and chronology of events/wrong dates.
 - Some information may be deliberately concealed by informants.
 - Information given may be false.
 - It is an expensive and time consuming method.

ii) Archaeology

- It is an expensive method because one has to hire labourers to excavate the sites and take artifacts and fossils to the laboratory.
- It is time consuming to organize visits to museums and archaeological sites where information can be obtained.
- It is difficult to locate archeological sites.
- Some of the fragile artifacts and fossils are destroyed by weather or by man during the process of excavation.
- It is limited to the study of ancient period.
- It is not easy to determine the date when events took place; it can only be estimated through carbon dating system/carbon 14 dating.
- Sometimes the information is inaccurate as it is based on inferences/scanty information.

2. Identify two sources of information which Historians use to write the History of Africa.

- i) Archaeology/palaeontology
- ii) Oral tradition
- iii) Linguistics
- iv) Anthropology
- v) Botany/zoology/biology/genetics
- vi) written records
- vii) Rock painting/sculpture/engravings
- viii) Geology

3. Give two limitations of using written records as a source of African History.

- i) Most of the written records on Africa History were written by foreigners who put their biases in the records.
- ii) Some written records on African History contain inaccurate information.
- iii) Information may be exaggerated,
- iv) It is difficult to correct dates/chronology of events.

4. State two shortcomings of oral tradition as a source of history.

- i) They may contain biases
- ii) They maybe inconsistent/inaccurate/false
- iii) Some of the records are not readily available with ease for reference.
- iv) Written records are limited only to those who can read and write.

5. What is oral traditional as a Source of History? ££

Oral traditional as a source of Hisory involves the study of historical information based on what has been handed down from one generation to another by words of mouth/verbally.

6. State one advantage of written materials as a source of History.

- i) Written materials ensure relatively permanent storage of Historical events
for future reference,
- ii) Written materials can be easily translated to different languages
relatively accurate storage of historical events.
- iii) They relatively provide accurate storage of historical events,

- iv) Written materials cannot be easily distorted/infected with/not easily changed.

THE EARLY MAN

1. **List economic activities of early man during the Stone Age period.**
 - i) Hunting wild animals
 - ii) Gathering wild fruits, roots and vegetables, insects and eggs.
 - iii) Fishing
 - iv) Crop farming
 - v) Livestock keeping.
 - vi) Trading
 - vii) Weaving/basketry
 - viii) Making stone implements and bone implements
 - ix) Pottery

2. **Identify two aspects of the culture of the early man that had their origins in the late Stone Age.**
 - i) Growing crops/agriculture
 - ii) Establishing permanent settlements
 - iii) Making microlithic composite tools
 - iv) Domesticating animals
 - v) Beginning of religion and government
 - vi) Pottery and basketry

3. **a) Describe two theories about the origin of human beings.**
 - i) Scientific theory maintains that human beings evolved from ape - like creatures and developed through adaptation over a long period of time.

- ii) The creation theory - according to many world religions eg. Christianity, Islam and Judaism, the human race was created by God at a specific time in history to fulfill God's purpose.
- iii) Mythical or traditional theories/traditional legends.

b) Discuss the benefits of the discovery of fire to early man.

- i) The discovery and use of fire made it possible for early man to keep warm during cold nights and seasons.
- ii) Fire enhanced the security of early man as it was kept burning to keep away wild animals and other possible sources of danger.
- iii) It was a source of lighting at night which facilitated other productive activities at night.
- iv) Fire improved hunting activities of the early man as it was used to harden the tips of the tools for hunting.
- v) Early man used fire to extract poison from plants which they used for hunting.
- vi) Fire was used as a source of food preservation method. For example drying meat or fish.
- vii) Fire was used to attract animals towards set traps so that they were easily trapped.
- viii) Fire was used to cook food and make it palatable and more nutritious/tasty.
- ix) Fire was used to bake and harden wood for special use eg. stools and hoe - sticks.

x) It was used for communication.

4. Name two factors which influenced early man to begin domestic animals.

i) Changes in climatic conditions resulted into aridity which forced animals to migrate,

ii) Over hunting by early man led to the reduction of animal population.

iii) Increase in human population forced the animals to migrate further away.

iv) Adoption of settled life necessitated domestication of animals.

5. State two distinct characteristics of Homo erectus. 3

i) Homo erectus had a big brain capacity / higher thinking capacity. ,

ii) Homo erectus walked upright/had an upright posture/bipedal.

iii) Homo erectus had the ability to grasp objects.

6. a) What things do archaeologists use to reconstruct the activities of people who lived in prehistoric times?

i) The remains of the weapons that they used.

ii) The remains of the tools that they used.

iii) The remains of animals found at the prehistoric sites.

iv) The remains of plants they lived on.

v) The remains of their dwelling places.

vi) The remains of their artwork eg. rock paintings

vii) The remains of traditional craft.

viii) The remains of beads.

- ix) The remains of coins
- x) The remains of garments
- xi) The remains of charcoal

b) Explain five ways in which Homo erectus attempted to improve his way of life.

- i) Improved stone tools through the use of Levallois method.
- ii) Invented fire which was used for cooking, lighting, warming and protection against wild animals.
- iii) Made and lived in caves for more permanent settlement and security.
- iv) Made clothes out of animal's skins by scrapping them clean, using efficient stone tools.
- v) Had thick skull
- vi) Had well developed thumb for grasping
- vii) Had small jaws compared to earlier forms.

7. State one characteristic of Homo sapiens.

- i) Was thick and heavily built
- ii) Homo Sapiens had a large brain
- iii) Walked upright/had an upright posture/bipedal
- iv) Had refined speech
- v) Had thick skull
- vi) Had well developed thumb for grasping
- vii) Had small jaws compared to earlier forms

8. Give one characteristics of Homo Erectus

- i) Homo erectus was upright/bipedal/walked with two legs
- ii) Homo erectus was more intelligent than earlier apes/higher thinking capacity.
- iii) Homo erectus had a bigger brain capacity.
- iv) Homo erectus had a more developed speech than the earlier apes.
- v) Homo erectus had a more developed hand for grasping tools.
- vi) Homo erectus had a long skull.
- vii) Homo erectus had a long protruding jaw.

AGRARIAN REVOLUTION

1. a) **State three factors which contributed to the development of agriculture in ancient Egypt.**
 - i) Availability of water for irrigation/presence of flood water.
 - ii) Existence of good soils deposited by the Nile during annual floods.
 - iii) Foreign influence from South West Asia where crop farming was first practiced.
 - iv) Invention and use of farming tools/ploughs/iron tools.
 - v) Favourable topographic factors enabled Egyptians to use canal irrigation.
 - vi) Invention of the shadoof and other methods of irrigation by the Egyptians.
 - vii) Contribution of the Egyptian rulers eg. Menes who dominated the Nile.
 - viii) Storage tanks and knowledge of weather forecast.
- b) **Explain six factors which have led to inadequate food supply in Africa.**
 - i. Rapid population growth has put a lot of pressure on the available food resources, leading to shortages.
 - ii. Poor transport network has led to uneven distribution of food supplies in some African countries,
 - iii. Poor and inadequate storage facilities have led to wastage of a lot of food.

- iv. Most African countries lack adequate capital for agriculture development/financial problems,
- v. Poor farming methods have led to low agricultural yields,
- vi. The eating habits have created artificial food shortages in Africa as some people prefer certain types of the drought resistance crops.
- vii. Political stability in some African countries has undermined food production due to insecurity,
- viii. Infertile soils.
- ix. Conservative attitude of Africans in adopting modern farming methods.
- x. Decline in growing of the drought resistance crops.
- xi. Poor economic planning/no motivation to farmers/poor marketing facilities.
- xii. Low income/poverty
- xiii. Land tenure systems in some African countries.
- xiv. Food production has been affected by rural - urban migration, which has created shortage of labour in the agricultural sectors.
- xv. Overdependence on donations and foreign aid has made it difficult for African countries to find solutions to their problems of food shortage/importation,
- xvi. Over - emphasis of cash crops has led to the decline of food production,

xvii. Destructive human activities such as cutting down of trees have turned productive land into wasteland thus leading to low food production.

2. a) **State three agricultural practices used in Europe before the Agrarian Revolution.**

- i) Small- scale farming
- ii) Shifting agriculture / cultivation
- iii) Subsistence farming / peasant farming
- iv) The use of simple agricultural implements e.g. hoes, sticks

b) **Explain the impact of the Agrarian revolution in Europe**

- i) The use of new and improved farming methods led to the high yields, leading to the security.
- ii) Introduction of new crops such as wheat, beans and maize, turnips, clove led to the diversification of agriculture.
- iii) Establishment of large - scale farms and plantations farming replaced subsistence farming,
- iv) Agricultural research finding led to the development of exotic livestock breeds and better quality crops.
- v) Production of sufficient food led to improved standards of living and high life expectancy,
- vi) Abundance of food led to increase in population,
- vii) Mechanization of farming methods led to the redundancy of manual worker/unemployment

- viii) Establishment of large farms encouraged the rich landlords to buy off poor farmers' land – thus creating a class of landless people/some became hired labourers on the farms,
- ix) Displacement of the poor led to rural - urban migration.
- x) The price of land went up.
- xi) Provided industries with raw materials eg. wool and labour which led to growth of industries.
- xii) Those who could migrate to abroad eg. Canada, USA, South Asia Stages,
- xiii) Improvement of transport network e.g. roads, railways etc
- xiv) Led to expansion of trade.

3. a) State three factors which contributed to the development of early agriculture in Mesopotamia.

- i) Availability of indigenous crops e.g. barely, wheat, grapes and onions/animals e.g. sheep, goats, pigs, cattle etc
- ii) Existence of fertile land along rivers Tigris and Euphrates.
- iii) Availability of water for irrigation/presence of rivers Tigris and Euphrates.
- iv) Invention of farming tools such as hoes, ploughs, sickles and seed drill.
- v) Existence of transport system in form of donkeys, canoes, river transport.
- vi) Availability of slave labourers.

- vii) Settlement of Sumerians people who had that knowledge of agriculture from Iranian plateau (from outside Persia).
- viii) Demand for food to feed the growing populations/increase in population.
- ix) Political stability which enabled the people to practice agriculture.
- x) Construction of dykes to control floods.

b) What was the result of the development of early agriculture in Mesopotamia.

- i) The development of early agriculture in Mesopotamia led to the production of enough food for the population,
- ii) The production of food enabled people to establish permanent settlements/people became sedentary.
- iii) Places where people met to exchange food surpluses developed into urban centres,
- iv) Food production allowed some people time to engage in other productive trades eg. Basket weaving. This led to job specialization/social classes/stratification,
- v) Surplus agricultural products led to the development of trade between communities,
- vi) Food production led to an increase in population,
- vii) Settled life led to the development of a centralized system of government to cater for the protection of the people and their property,

- viii) Need to transport agricultural products led to invention of the wheel. The wheel was used to transport grains to markets and stores.
- ix) Promoted religion
- x) Need to keep records on agricultural activities led to the development of writing.
- xi) The standards of living were improved.

4. Name two main cash crops that were grown in North America during the Agrarian Revolution.

- i) Tobacco
- ii) Cotton.
- iii) Corn/maize
- iv) Wheat

5. Identify two factors which favoured the development of crop growing in ancient Egypt.

- i) Availability of reliable sources of water.
- ii) Existence of indigenous type of grains e.g. barley, wheat
- iii) Existence of fertile Soils along river Nile.
- iv) The invention and use of the Shadoof for irrigation and other farm implements.
- v) Existence of a stable government under Pharaoh.
- vi) Availability of labour.

- vii) Existence of writing helped them to keep accurate records of seasons and volume of food.

6. Name two ways in which railway transport contributed to the Agrarian Revolution in Western Europe

- i) Railway provided efficient and reliable means of transport for agricultural products,
- ii) Provided efficient transport for farm machinery and labour.

7. State one way in which the Agrarian Revolution contributed to rural urban migration in Europe.

- i) Mechanization of farming rendered peasants jobless so they migrated to urban centers in search of job opportunities,
- ii) The enclosing system made many people landless.

8. a) State one main way in which the Agrarian Revolution contributed to the development of urban centers in Europe.

- i) Availability of water from river Ganges and Indus for irrigating farmlands,
- ii) Existence of fertile soils which were deposited along the river Valleys,
- iii) Existence of fertile indigenous crops in the area.
- iv) Changes in climatic conditions decreased the supply of food from the natural environment thus cultivation.
- v) Use of improved methods of irrigation eg. earth dams and dykes,
- vi) Availability of adequate rainfall during certain times of the year

promoted farming.

b) What were the effects of the Agrarian Revolution?

- i) It led to increase food production which enhanced food security for the people.
- ii) Led to a more settled life as food was easily available.
- iii) Led to the development of urban centers/towns in agricultural collection centers along the river valleys,
- iv) Some of the agricultural products were exchanged for those commodities which people lacked leading to expansion of trade,
- v) Availability of food led to population increase,
- vi) Since people did not spend too much time looking for food, they found themselves with time for leisure eg. sports.

9. What factors led to the development of early agricultural in India?

The enclosure systems/the consolidation of farms forced people to migrate from the rural areas to urban centers.

10. a) What factors favoured the beginning of agriculture during the New Stone Age?

- i) Development of tools (microlithic, wooden plough etc)
- ii) Settled life/development of settlement.
- iii) Increase in population leading to high demand of food.
- iv) Climatic changes which made natural food scarce.

- v) Hunting and gathering was becoming tiresome.
- vi) Availability of a variety of seeds/cereals e.g. wheat, barley
- vii) The remains of their dwelling places.

b) Explain six factors which promoted plantation farming in Europe during the Agrarian Revolution.

- i) The invention of machines for extensive farming eg. seed drill, iron plough
- ii) Discovery of fertilizers which led to high yields/manure.
- iii) Discovery of pesticides and fungicides which facilitates control of crops diseases.
- iv) Improvement in transport especially the railway which facilitated transportation of bulky goods/farm products and farm workers.
- v) High demand for food at rapidly growing urban population.
- vi) Demand for agricultural and industrial raw materials.
- vii) Reclamation of wasteland - which gave rise to more arable land.
- viii) Development of new breeds of crops as a result of research in agriculture.
- ix) Migration of people to towns created room for plantation farming in the rural areas,
- x) The enclosure acts/systems pushed people out of the rural areas and created room for plantation agriculture.

11. Identify two similarities between early agriculture and Mesopotamia and Egypt.

- i) Developed a system of storage and preservation of farm products/fertile soil/silt
- ii) Availability of water and transport
- iii) Farmers depended on flood water for farming,
- iv) They developed a system of irrigation.
- v) They used farm implements made of stone, wood and later metal eg. ex, plough
- vi) They traded in farm produce.
- vii) They reared animals, cattle, sheep, chicken.
- viii) Planted indigenous crops - wheat, barley, oat etc
- ix) Used both-human and animal labour
- x) Developed arithmetic/writing to keep farm records.

12. Explain 4 advantages of the land tenure system in Britain. ^

- i) It led to the development of large scale farming thus bringing more land under production.
- ii) It led to increased food production since more land was brought under cultivation.
- iii) Increased food production led to an increase in population.
- iv) It facilitated the mechanization of agriculture eg. the use of the seed drill, mechanical thresher and combine harvester,

- v) Increased agricultural production led to the establishment of industries which provided employment opportunities to the displaced people,
 - vi) It enhanced control of the spread of pests and diseases and led to production of high quality produce.
 - vii) It led to the appreciation of value of land.
 - viii) Improved transport system to transport agricultural produce to the market,
 - ix) Invention of new methods of maintaining soil fertility eg. use of manure, crop rotation and use of fertilizer,
 - x) Led to the establishment of organization that disseminated information about the agricultural inventions. For example the Royal Agricultural Society
 - xi) New methods of animal husbandry were practiced for example selective breeding of livestock,
 - xii) Mechanization of Agriculture led to the growth of local and international trade.
- 13. a) Describe three factors that facilitated the development of agriculture in America before 1800.**
- i) European immigration into the region led to population increase and demand for food,
 - ii) European immigrants introduced new methods of farming,
 - iii) Introduction of new crops.
 - iv) Availability of slave labour led to clearing of forests for farm
 - v) Suitability of climate for agriculture.

- vi) Presence of suitable soils for different types of crops.
 - vii) Settlement of enterprising European emigrants who wished to make a living through agriculture,
 - viii) Accountability of indigenous crops.
- b) Discuss the factors that led to the Agrarian Revolution in North America
- i) The introduction of the enclosure system in Britain forced landless to migrate r.o North America where they introduced new farming methods,
 - ii) Availability of land for farming of different crop varieties such as tobacco, cotton and wheat,
 - iii) Government recognition of individual land ownership (The homestead Act 1860) encouraged settlers to farm.
 - iv) The granting of financial aid to farmers to buy and develop land/credit facilities.
 - v) The introduction of slave labour ensured adequate supply of labour for farming.
 - vi) Determination by the European immigrants to succeed in agriculture as there was no other source of livelihood,
 - vii) The increase in demand of agricultural raw materials by European industrialists encouraged expansion in agriculture.
 - viii) The invention of the cotton gin in 1793 by Eli Whitney Marke led to increase cotton acreage,

- ix) The mechanization of agriculture stimulated agricultural productivity eg. the steel plough and the mechanical reaper.
- x) The development of food preservation methods of canning and refrigeration encouraged farmers to produce more.
- xi) The development of good transport and communication network led to increased agricultural productivity as products reached markets on time,
- xii) The application of science and research of agricultural (eg. biotechnology development of new foods from existing crops, use of fertilizers and genetic engineering in livestock production) facilitated the Agrarian Revolution,
- xiii) Increase in population created demand for food which led to expansion of agriculture.

USE OF METALS AND INDUSTRIAL REVOLUTION

1. a) **Give four inventions that improved textile manufacturing in Britain during the industrial revolution.**
 - i) Population growth from the mid 18th Century expanded the internal market for manufactured goods.
 - ii) The agricultural revolution in Britain meant that more food could be produced for main centres, the rising population could be fed and many peasants thrown off the land could become industrial workers/labour.
 - iii) Britain was the leading trading nation because of her large merchants/navy that guarded ships,
 - iv) Empire provided Britain with raw materials and captive markets necessary for industrialization,
 - v) Britain's network consisting of roads, railways, canals, bridges and harbours was extended and this helped industrialization.
 - vi) The merchant and middle class who favoured industrialization increased their influence and pressured the government to adopt measures for favourable industrialization/enterprising merchant's courage.
 - vii) The existence of well - established cottage industry provided a base for industrialization
 - viii) Availability of coal and iron, which served as the basis of industrialization,

- ix). Some of the inventions that stimulated the industrial revolution such as steam engine were made in Britain.
- x) Britain enjoyed relative peace compared to other European countries/political stability,
- xi) No internal custom barriers e.g. tariffs.
- xii) Scientific invention/knowledge/skill
- xiii) Availability of capital
- xiv) Banking plus insurance system.

b) State six reasons why the industrialization revolution first took place in Britain.

- i) Availability of new machines and methods of production.
- ii) Masses of manufactured goods were produced on a scale unprecedented in history.
- iii) It improved transport and communication.
- iv) It led to an enormous expansion of local and international trade.
- v) It created new employment opportunities.
- vi) It led to the expansion of urbanization.
- vii) It intensified economic rivalries among nations.
- viii) It revolutionized agricultural production.
- ix) It raised the standards of living of the people.
- x) It sharpened social stratification.
- xi) It led to the expansion of the banking industry.
- xii) Full utilization or exploitation of natural resources.

xiii) Specialization in jobs.

c) **State six economic effects of the industrial revolutions in Europe.**

i) Overcrowding in urban centres/rural-urban migration,

ii) Child labour/women/exploitation of labour.

iii) Poor working conditions, low wages/long working hours.

iv) Spread of diseases/poor sanitation,

v) Increase in crime,

vi) Unemployment

vii) Class struggle

viii) Pollution

ix) Poor/lack of housing/slums/shanties

2. **Identify three uses of bronze in the Kingdom of Lerlin.**

i) It was used to make weapons

ii) It was used to make decorations/ornaments

iii) It was used as item of trade

iv) It was used for plaques for kings and figurines

FORM 2

**KENYA AND THE WORLD UP TO KENYA 19TH
CENTURY**

1. a) Why were the Portuguese interested in establishing their control over the

Kenya coast during 16th century AD.

- i) To control trade with coastal towns.
- ii) To spread Christianity/revenge on the Muslims who had conquered and rolled their homeland for over 700 years/look for Pastor John,
- iii) The Kenyan Coast was strategically located on the way to the east and could act as a base for their trading and navy ships
- iv) To control the Indian Ocean.

b) Explain six effects of Portuguese rule on the Kenyan Coast.

- i) It led to the decline of the Indian Ocean trade/decline of gold trade.
- ii) It led to the decline and ruin of towns.
- iii) It led to the loss of lives during their constant raids on coastal towns.
- iv) The heavy taxes that were imposed on the coastal people hindered the development of commercial and agricultural resources at the coast.
- v) Thy built Fort Jesus, which became a historic monument in the subsequent years.

- vi) They brought new crops to the Coast e.g. maize, groundnuts and pineapples.
- vii) They introduced the use farmyard manure.
- viii) Their language enriched the Kiswahili language.
- ix) The introduction of guns and other advanced weapons by the Portuguese contributed to insecurity in the region.
- x) Commercial links between the Kenyan Coast and the Arabian peninsular were almost completely cut off.
- xi) Some Africans were converted to Christianity.
- xii) Close links between the Kenyan Coast and India developed.
- xiii) Their conquest of the Kenyan Coast exposed the area to other European powers.

2. a) Apart from trade, give three reasons why Arabs came to the Kenyan Coast by 1500.

- i) Some Arabs fled to the Kenyan Coast as a result of religious and political Persecution at home,
- ii) Some Arab Muslims came to the Kenyan Coast to spread Islam,
- iii) Others came to explore the region.

b) State five factors, which promoted the growth of trade between Hit* Kenyan Coast and Arabia.

- i) Availability of items of trade.
- ii) Demand for goods from the Kenyan Coast and Arabia.

- iii) Existence of enterprising merchants in Arabia and the Kenyan Coast.
- iv) Accessibility of the Kenyan Coast by sea.
- v) The monsoon winds facilitated movement of traders
- vi) Relative political stability of the Kenyan Coastal city - states.

c) State six result of this trade on the Kenyan Coast.

- i) The Muslim traders who settled among the African communities along Kenyan Coast converted them to Muslim.
- ii) Trading towns developed along the Kenyan Coast.
- iii) Arab - Muslim culture spread along the Kenyan Coastal city - states.
- iv) The Arab immigrants intermarried with indigenous communities giving rise to the Swahili community.
- v) Muslim system of government (Sheria) was introduced at the Coast.
- vi) Arab traders introduced new crops along the Kenyan Coast.
- vii) The slave trade brought about wars among the communities.
- viii) Slave trade led to depopulation of the region.

3. State two factors which made it possible for the Arabs traders to come flic Kenyan Coast.

- i) Accessibility of the Kenyan Coast via the sea.
- ii) Availability of funds to finance their journey.
- iii) Availability of dhows.

iv) The monsoon winds which powered their dhows to the coast.

4. Identify one contribution of Johann Kraft to the spread of Christianity in Kenya during the 19th Century.

i) He built a church at Rabai.

ii) Converted people to Christianity.

iii) Translated the Bible into Kiswahili. -

iv) Trained the first catechist who later spread the gospel.

v) Encouraged other European missionaries to come to Kenya.

vi) The exploration of Kenya led to the opening up of the interior for more missionary activities.

5. a) Why were the Portuguese able to conquer the Kenyan Coast during the sixteenth Century.

i) The Portuguese used superior weapons.

ii) Lack of unity among the coastal communities e.g. between Malindi and Mombasa.

iii) The Portuguese launched superior attacks.

iv) The Portuguese fought as one united group of people.

v) The Portuguese knew the geography of the East Africa Coast very well after obtaining information from Vasco Da Gama's visit of 1498.

vi) Portuguese had well trained soldiers.

- b) **Explain six factors, which led to the collapse of the Portuguese rule on the Kenya Coast by the end of the Seventh Century. -**
- i) The harsh Portuguese rule provoked resentment from the communities.
 - ii) Coastal communities organized a series of revolt against the Portuguese in order to regain their independence,
 - iii) The corrupt Portuguese colon administrators embezzled revenue and so they made it difficult for Portugal to run their possessions on the Kenyan Coast,
 - iv) Trade along the Kenyan Coast declined; therefore the Portuguese found retaining their control over the east Africa Coast liability,
 - v) The Portuguese settlements were attacked by the Zambia terrorist from the lower Zambezi valley who looted property and killed people. This made life of Portuguese difficult,
 - vi) The Portuguese were constantly attacked by tropical diseases such as Malaria which killed African coasts,
 - vii) The coastal Arabs and the Swahili obtained support from the Turks and Amni Arabs (their fellow Muslims who helped them to drive away the Christian Portuguese colonialists,
 - viii) Delayed re-enforcement due to distance.
6. **Identify TWO factors, which encouraged the spread of Islam in Kenya by 1500 A.D. 1**
- i) Commercial activities between the Arabs and African.

- ii) Arabs settlement along the coast
- iii) Inter-marriage between the Arabs and other communities.
- iv) Islam was more accommodative to African traditional practices.
- v) Development of Kiswahili language.

7. State TWO main reasons why the Omani rulers were interested in establishing their control over the Kenyan Coast.

- i) To expand their commercial empire.
- ii) To establish political control over the Kenyan Coast.
- iii) To assist in ending the Portuguese rule.

8. a) Explain why Christian Missionaries established mission stations in Kenya during the colonial period.

- i) Missions stations were established by Christian missionaries to serve as centers for converting Africans,
- ii) To serve as centers where Africans would be taught basic literacy to enable them to read their Bible.
- iii) To teach Africans new methods of carpentry, farming and masonry.
- iv) To train African catechists who would in turn facilitate the spread of Christianity.
- v) To use them as centers for the spread of Western European culture.
- vi) To serve as settlement for freed slaves and other displaced people.
- vii) Serve as centers for pacification of Africans/centers to promote Europe in colonization.

- b) **What factors undermined Christian Missionary activities in Kenya during the 19th Century?**
- i) Hostility by believers of traditional religion who saw missionaries as threat to their beliefs and cultural practices,
 - ii) Opposition by leaders of Islamic faith and other believers whose interest were to advance religion in the region.
 - iii) Harsh tropical climate coupled with tropical diseases eg. Malaria.
 - iv) Inadequate personnel to carry out missionary activities.
 - v) Rivalry among different Christian groups.
 - vi) Communication barrier/lack of common language of communication to facilitate interaction with and conversion of Africans.
 - vii) Strict Christians doctrines, which were not compatible with traditional beliefs and practices,
 - viii) Limited transport and communication facilities.
9. **Give the main reason why earlier visitors from Arabia came to Kenya constant before 1500 AD.**
- To trade/commerce
10. **State two reasons why the Portuguese built Fort Jesus.**
- i) To act as hiding place against/attacks by their enemies.
 - ii) To use it as a base of sending expeditions against resisting communities of the coast/administration base.
 - iii) Use it for storing ornaments/storage of items before transportation.

- iv) Use as a watch tower.

11. Give one reason for the establishment of the independent churches on Kenya during the colonial period.

- i) To develop worship pattern that are relevant to their needs.
- ii) To avoid being discriminated against in the missionary churches.
- iii) To preserve their cultural heritage, that was being threatened by European missionaries
- iv) To provide a forum for cultural activities.

12. a) Why were the Portuguese able to control the Kenyan Coast between 1500 and 1700 AD.

- i) Disunity/rivalry among the coastal towns enabled the Portuguese to play one against the other e.g. Mombasa and Malindi.
- ii) Military superiority - the Portuguese had better weapons and their soldiers were better trained and organized (superior attacks),
- iii) The construction efforts by the Portuguese erg. Fort Jesus made them able to sustain their control over the area.
- iv) The harshness of the Portuguese administration made African communities submit to their rule,
- v) The Portuguese established alliance with some coastal rulers e.g. Malindi.

b) Describe the results of the Portuguese rule of the Kenyan Coast.

- i) Introduction of new crops such as maize, sweet potatoes and banana/manure.

- ii) Introduction of new architectural designs/Fort Jesus.
- iii) Absorption of Portuguese words into the Kiswahili language.
- iv) Disruption of the Indian Ocean trade/gold trade.
- v) Decay of many coastal towns e.g. Gedi.
- vi) Establishment of a close link between Kenya and India.
- vii) Introduction of guns and other weapons along the Coast leading to slave trade and insecurity in the area.
- viii) Decline in trade between Arabia and the Kenyan Coast,
- ix) Their harshness made Africans and Arabs have a impression of Christianity and Europeans.

13. State two benefits of Portuguese rule over the coastal settlements.

- i) Some Portuguese words were added to Kiswahili.
- ii) Portuguese architecture was introduced at the Coast.
- iii) The Portuguese introduced new crops such as maize and cassava/farming methods at the coast.
- iv) The Portuguese built Fort Jesus and Vasco Da Gama Pillar, which have become historic sites.
- v) Links between coastal settlement and India were strengthened.

14. a) Describe the characteristics of the coastal towns by 1500 A.D.

- i) Kiswahili was used as the main medium of communication in the coastal towns.
- ii) Islam was the main religion practiced in towns.
- iii) Islamic Law (Sharia) was used in administration.

- iv) Houses were constructed using Arabic architecture.
- v) Traders was the main economic activity in the town.
- vi) In the city - states were generally divided into two sections, one Muslim and the other African class of merchants/Sultan and Sheik.
- vii) Imams ruled in the city state.
- viii) The city-states were independent political entities.
- ix) Town minted and used their own coin - money.
- x) People wore woven and silk clothes.

b) Explain five factors which led to the decline of the coastal towns after 1500 AD.

- i) Disruption of trade by the Portuguese resulted in loss of revenue.
- ii) Constant warfare and conflict between the Portuguese and the coastal towns led to total destruction of some coastal settlements,
- iii) Invasion of coastal settlements by the Zambia led to the disruption of economic activities of the coastal settlements.
- iv) Increased conflict between the city state discouraged traders from the interior to bring trade good to the coast.
- v) The drought spell hindered farming activities/lack of water
- vi) Conflicts between the Mazrui family and the Al Busaidi family over the control of the coastal settlement.
- vii) Taxes levied on the coastal settlement by corrupt Portuguese administrator weakened the economic base of the settlement,

viii) Rivalry between European nations for the control of the trade.

15. a) **What factors encouraged the Akamba to participate in the long distance trade during the 19th Century.**

- i) Demand for their commodities.
- ii) Availability of trade good.
- iii) Unsuitable climatic conditions for farming.
- iv) Proximity to the coast.
- v) Existence of entrepreneur like Chief Kivoi.
- vi) Existence of a well organized trade.

b) **Explain the effects of slave trade on the African communities in Kenya.**

- i) The raids of slaves by traders led to insecurity and fear making people abandon their economic activities.
- ii) Able - bodied people were taken away as slaves in the weak who could not work effectively,
- iii) It led to the death of family members denying the family the much needed work - force,
- iv) Led to loss of skilled labour force eg. Iron smiths,
- v) Methods used in acquiring slaves such as burning of houses led to destruction of the environment and human suffering/misery.
- vi) Slave raids and sale of people led to depopulation.
- vii) Promoted interaction between African communities e.g. the Akamba and Agikuyu.

- viii) Led to the spread and use of Kiswahili in the interior of Kenya.
- ix) Led to the spread of Islam and Islamic culture.
- x) Opened up the interior of Kenya for European penetration.

16. State two main factors which enabled traders from Arabia to come to the Kenya Coast before 1500 A.D.

- i) The monsoon winds which facilitated transport to and from Arabia.
- ii) Possession of advanced marine technology at the time - for example making dhows.

17. Give the main reasons why most of the early urban centers along the Kenya Coast were built on Island.

To provide security against invaders.

18. State two reasons why most of the Portuguese were able to conquer the Coastal settlement by 1500 A.D.

- i) The Portuguese had modern weapons.
- ii) The Portuguese were ruthless in their attack.
- iii) The coastal settlement were disunited.

19. State two ways in which the introduction of Christianity undermined African culture.

- i) Conversion of African to the abandonment of African traditional belief and practice.
- ii) By encouraging African to settle at the mission station, the Africans were uprooted from their traditional set up.

- iii) Outright condemnation of some African cultural practice as primitive and backward.
- iv) Introduction of western education by missionaries and its glitters made African abandon their culture.

20. Identify two methods which long distance traders used to acquire slaves during the nineteenth century.

- i) Exchanging slave with other goods/buying slaves from African,
- ii) Raiding other communities for slaves,
- iii) Enticement and gifts.

21. a) Describe the way of life of the people who lived in the coastal city states by 1500 A.D.

- i) The people lived in settlements that were politically independent of each other. The settlements were ruled by Muslim leaders/the sultans,
- ii) The majority of the city - state were Muslims,
- iii) The people who lived in the city states spoke Kiswahili.
- iv) They participated in the Indian Ocean trade.
- v) The architectural designs of their houses were influenced by Arabian and Persian design,
- vi) They practiced mixed farming. They grew banana, yam and coconut,
- vii) They practiced fishing, spinning and weaving,
- viii) The city states were ruled according to the Islamic laws/sheria.

ix) Their way of dressing was influenced by Arabian way of dressing/buibui.

x) Oriental diet.

b) Explain four factors which led to the decline of the coastal settlements between 1500 and 1700 A.D.

- i) Rivalry for the control of the Indian Ocean trade weakened the coastal settlements. Each one of them wanted to dominate trade,
- ii) Wars of conquest by the Portuguese against the coastal settlements destroyed and weakened many of them,
- iii) Establishment of Portuguese rule at the coast led to disruption of the Indian Ocean trade – the main economic base of the towns. The Portuguese also diverted trade to Portugal leaving them with little revenue.
- iv) Invasion of the settlement by the Zambia a warrior community from the Zambezi valley – they caused widespread destruction.
- v) Occasional unfavourable climatic conditions which characterized the period led to inadequate rainfall and shortage of water in some coastal settlement for example Gedi which subsequently declined.
- vi) Conflicts/wars between Oman Arabs and the Portuguese over the control of the coastal settlements affected economic activities in the sea.

- vii) Conflicts/wars between Oman Arabs and the Portuguese over the control the coastal settlements affected economic activities in the area.
- viii) Some Africa middlemen diverted trade goods to Northern routes by passing the town that were under Portuguese control.

ECONOMIC AND SOCIAL DEVELOPMENT DURING THE COLONIAL PERIOD

1. a) **Give five factors which contributed to the development of trade between different Africans communities in the interior of Kenya by 1800 A.D.**
 - i) Uneven distribution of resources such as iron ore and salt created a demand for some goods by communities that did not produce them.
 - ii) Production of surplus commodities by some communities encouraged them to look for markets,
 - iii) External demand for goods found in the interior such as ivory and leopard skin stimulated trade between different African communities.
 - iv) Existence of well developed local trade provided a base for the development of intercommunity trade.
 - v) Demand for foreign goods in the interior e.g. cloth and beads led to the development of intercommunity trade,
 - vi) Existence of cordial relations between communities contributed to the development of trade.
- b) **Explain five result of this trade.**
 - i) Intercommunity trade led to the development of markets where buyers and sellers met regularly to transact business. These

markets were normally situated in the boundary between two communities.

- ii) Some traders got a lot wealth from trade. Such people became very powerful and rose to positions of importance.
- iii) Foreign crops such as maize, pineapples, sweet potatoes and bananas were introduced to the interior of Kenya.
- iv) Intercommunity trade led to intermarriage between Kenyan communities e.g. Mijikenda and Akamba.
- v) Lines of communication linking different communities developed in the interior of Kenya. Other lines of communication linked the interior with the Coast.
- vi) Trade stimulated production of goods and other economic activities e.g. hunting.
- vii) Existence of community trade led to direct participation of Arabs in the trade with the interior.
- viii) The importance of luxury articles and new crops influenced the way of life of the people.
- ix) Intercommunity trade promoted cultural interactions e.g. language and dances.

2. Why did Africans start independent schools in Kenya during the colonial period?

- i) To provide more educational opportunities for Africans.
- ii) To have a say/control of what was taught in their schools.

- iii) To keep away Europeans missionary influence from their schools,
- iv) To preserve their cultural heritage/values.
- v) To create job opportunities fro educated Africans.
- vi) To sensitize African on the evils of colonialism.

3. Give two ways through which colonial government controlled the migration of the Africans to urban centers.

- i) Taking head count of those who were supposed to live in urban centers.
- ii) Enhancing strict rules about migration into urban centers/creation of African reform,
- iii) Ensuring that only those who had specific activities to undertake in the urban centers lived there,
- iv) Introducing Kipande system.

4. State two objectives of education offered by Christian missionaries in Kenya during the colonial period.

- i) To teach Africans basic literacy and numeral skills.
- ii) To teach Africans better farming methods.
- iii) To train Africans catechists.
- iv) To teach Africans basic technical skills.
- v) Civilize/better methods of hygiene.

5. Identify one problem which independent schools faced during the colonial period.

- i) Hostility from the government and missionaries.

- ii) Inadequate teachers,
- iii) Inadequate funds and facilities.

6. Identify one reason why Africans were not allowed to grow some cash crops before 1954.

- i) Europeans wanted to continue getting cheap African labour for their farms.
- ii) To avoid competition by African farmers.
- iii) To control the spread of disease and pests from African farms.

7. State one result of the establishment of independent churches in Kenya during the colonial period.

- i) African cultural practices and beliefs were incorporated into the Christian church,
- ii) Give African clergy leadership opportunities in the church.
- iii) More African were trained as clergy.
- iv) Accelerated the spread of Christianity.
- v) Led to the establishment of independent schools.
- vi) Led to the formation of Nationalisms.

8. Identify two negative consequences of urbanization in Kenya during the colonial period?

- i) Unemployment led to poverty.
- ii) Low morality e.g. prostitution.
- iii) Increase in crime.
- iv) Development of shanties/slums

- v) Congestion leading to epidemics.
- vi) Break up of family set - up.
- vii) Development of the Kipande system
- viii) Deprived rural areas of manpower/negligence of agriculture.

USE OF METALS AND INDUSTRIAL REVOLUTION

1. a) **State five uses of copper in pre - colonial Africa.**
 - i) It was used to make ornaments i.e chains
 - ii) It was used to make utensils/spoons.
 - iii) It was used to make weapons
 - iv) It was used to make tools/needles/chisel/axes
 - v) It was used as currency/medium of exchange/money.
 - vi) Used as a trading commodity
 - vii) It was used to make the King's plagues
- b) **Explain impact of iron technology on the people of Africa.**
 - i) The discovery of iron technology led to the manufacture of better and efficient tools for farming. For example, iron hoes and panga.
 - ii) The use of iron tools enabled people to clear natural vegetation and bring more land under cultivation hence more food.
 - iii) The demand for iron - ore and iron tools led to the development of trade between communities,
 - iv) The development of iron technology led to job specialization. Iron smiths became very respectable members of the society.
 - v) The possession of iron weapons in warfare intensified intercommunity conflicts. The stronger communities conquered and absorbed weaker ones.
 - vi) The possession of iron weapons made it possible for communities to improve their system of defense,

- vii) Possession of iron weapons led to the emergencies of states through conquests while other fell,
- viii) Possession of iron weapons and implements facilitated immigration of people - they were better armed and could face the danger on the way.

2. Explain six factors which have contributed to the rise of China as a powerful nation.

- i) Strong leadership under chairman Mao and Chou - en - lai united the country/unity/stability.
- ii) Collectivization of agriculture and land reforms led to food sufficiency/land tenure system leading to food sufficiency.
- iii) The establishment of heavy industries enabled China to produce capital goods and consumer goods for export which enabled her to earn foreign exchange/external market.
- iv) Establishment of strong army equipped with modern weapons including nuclear weapons.
- v) Possession of natural resources such as minerals has enabled China to establish and sustain heavy industries.
- vi) The vast Chinese population has made it possible for China to expand her industries and agricultural output (through the supply of labour). Hardworking and dedicated
- vii) Expansion and modernization of education led to the production of skilled manpower that spearheaded industrialization programmes.

- viii) Modernization of China through the 5 years plans.
- ix) Development of transport and communication to exploit the economic resources.
- x) Foreign investment in China accelerated the modernization of the economy.
- xi) Political stability
- xii) Existence of an internal market/market for her agricultural and industrial output.
- xiii) Development of H.E.P stimulated industrial growth.

3. a) State five factors which have facilitated industrialization in the third world countries.

- i) Availability of raw materials.
- ii) Availability of cheap labour (both skilled and unskilled)
- iii) Acquisition of relevant technological knows - how.
- iv) Existence of some indigenous industries which provide the foundation for the process of industrialization
- v) Facilitated diversifications of the economy of the third world countries/banking/insurance.
- vi) Promoted urbanization in the third world countries.
- vii) Led to the degeneration in the third world countries.
- viii) Led to the development of transport and communication e.g. roads and telecommunication systems.

- ix) Increased agricultural production because farmers are aspired of a ready market in the agro- based industries.
- x) Has led. to the provision of social amenities such a§ schools and hospitals.

4. a) State three ways in which the industrial revolution contributed to urbanization.

- i) The establishment of industrial centers created new jobs opportunities where many were attracted to work,
- ii) The industrial revolution brought in new discoveries which changed/improved transport communication systems - thus facilitating the movement of people to towns,
- iii) The emergence of industrial centers opened other commercial activities which attracted many people,
- iv) Use of machines in production made many people lose their jobs in the cottage industry. They moved/migrated to urban centers to look for jobs,
- v) Industrial revolution led to enormous expansion trade - many people were attracted to the centers of trade.

b) Explain six factors which led to the emergency of USA as an industrial power.

- viii) Reduced transportation costs of goods.

3. **Give one advantage of drum beating as a form of communication over the use of smoke signals in Africa during the pre- colonial period.**

- i) In most cases drum beating could be used at any time both day and night where as smoke signals could only be used during the day.
- ii) Drum beats relayed specific messages whereas smoke relayed general messages,
- iii) Drum beats could be used during all the seasons whereas smoke signals could not be used during certain seasons e.g. when it was raining.
- iv) Drum beats spread messages faster than smoke.

4. **Identify one way in which invention of the wheel promoted early transport.**

- i) Facilitated travel over long distances,
- ii) It eased transportation of heavy loads,
- iii) It facilitated speedy transportation of people/goods.
- iv) It enhanced the movement of soldiers during battles,
- v) It led to development of roads.

5. **List forms of communication used to send messages to distant places in the shortest possible time.**

- i) Telephone
- ii) Telegram
- iii) Telex
- iv) Fax
- v) E-mail
- vi) Television
- vii) Radio
- viii) Courier letter

6. **Give one way in which poor transport hinders industrialization in the 3rd world countries.**

- i) Poor transport network causes delay in marketing goods.
- ii) Causes delays in supplying industrial raw materials.
- iii) Brings about high cost of supplying industrial raw materials.
- iv) Bring about high transport costs.

7. a) **Describe the results of the development of railway transport during 19th Century.**

- i) Railway facilitated transportation of goods especially industrial products and raw materials for the industries.
- ii) It facilitates transportation of industrial workers/labour.
- iii) It facilitated the spread of ideas.
- iv) It led to widespread migration and settlement of people.

- v) It promoted the development of trade.
- vi) It opened up remote areas for economic exploitation e.g. mining, fishing and farming,
- vii) It strengthened European pacification of their overseas colonies,
- viii) It led to the development of towns/urban centers.

b) Discuss ways through which the modern society benefited from the development in the telecommunications.

- i) The use of telecommunication has facilitated storage of information more conveniently through use of computer.
- ii) It has provided entertainment e.g. live transmissions of music and sports.
- iii) It has promoted fast transmission of ideas.
- iv) It has speeded up business transactions between individuals and countries.
- v) It has reduced cost of business transactions by enabling a few people to handle a lot of workload,
- vi) It has enabled organizations/individuals to access information/programmes at their own convenience.
- vii) It has enhanced safe traveling by air and water through radar connections,
- viii) It has enabled the exploration of outer space,
- ix) It has facilitated the study of weather.

8. State two ways in which poor transport systems have contributed to food shortages in Africa.

- i) Poor transport has led to high transportations costs, leading to high places of food.
- ii) Poor transport has led to poor distribution of food.
- iii) Poor transport system have led to delays in the transportation of food leading to low losses.
- iv) Poor transport system discourages/demoralizes farmers and this in turn leads to low agricultural production,
- v) Poor transport system undermine effectiveness of agricultural extension officers.

WORLD TRADE

1. a) State five factors which contributed to the development of Trans – Sahara trade.

- i) Availability of commodities of trade especially gold and salt.
- ii) Introduction and use of camels for transport.
- iii) Existence of local trade in the region.
- iv) Existence of a strong economy based on agriculture/rich agricultural goods.
- v) Existence of rich merchants who invested in the trade/middle mean/ availability of capital.
- vi) Strong and able leaders provided security to traders,
- vii) Demand for commodities of trade.

b) Explain five factors which contributed to the decline of the Trans - Sharan Trade.

- i) The minefields got exhausted - this discouraged traders from coming to West Africa/lack of trade commodities,
- ii) Political instability in the region brought about anarchy and insecurity. This affected trading activities in the region/fall of empires.
- iii) Invasion of the region brought about anarchy and insecurity,
- iv) The Moroccan invasion of the Western Sudan in the 16th Century undermined the trade as it created anarchy and insecurity in the region.

- v) Trans - Atlantic trade grew and attracted some of the traders from the Trans - Saharan trade thus weakening the trade in terms of the volume of commodities and traders,
- vi) After the colonization of North and West Africa, the resources were taken over by Europeans and commercial activities by Africans were undermined/invasion of West Africa by Europeans,
- vii) The invasion of North Africa by the Turkey created insecurity along the caravan routes leading to the decline of the trade,
- viii) The ant slave pressure from the British from 1840 and the abolition of the slave trade in the Ottoman Empire in 1857 led to the end of Trans - Saharan slaves trade thus undermining the trade,
- ix) Change of the laws from guiding and protecting to attacking.

2. a) Give ways in which the Tuaregs contributed to the development of Trans - Saharan trade. The Tuaregs

- i) Guided the traders through the desert.
- ii) Provided security to the caravans.
- iii) Took care of the oases/wells.
- iv) Sometimes they acted as interpreters to the trade merchants.
- v) Arranged for water and food and accommodation for the traders and animals.

b) State five ways in which the Trans - Saharan trade led to development of the Kingdom of Old Ghana.

- i) Was a source of state revenue, wealth through import and export, taxes paid by traders.
- ii) Kings acquired horses/firearms and weapons from North Africa which they used to establish strong armies to defend and expand the kingdoms.
- iii) Islamic sharia which was introduced by trades was used in the administration of kingdoms,
- iv) The kings were able to acquire personal wealth. This helped them command respect. They also used it to reward their royal subjects.
- v) The trade stimulated local trade, which generated state wealth,
- vi) Muslims personnel were used by the Kings as advisers and secretaries. This led to effective administration.
- vii) The trade motivated the kings to establish diplomatic links with North Africa and countries of the Middle East,
- viii) Islam acted as a unifying factor.

3. a) Identify 5 factors which led to the development of the trade between East Africa and the outside world up to the 19th century

- i) Increased demand for East Africa goods in the outside world.
- ii) Demand for foreign goods in East Africa.
- iii) Establishment of Arab settlements along the East Coast.
- iv) Monsoon winds facilitated their movement across the Ocean,
- v) Accessibility/availability of coast to the East Coast people.

- b) What were the effects of the trade on East Africa?**
- i) Trade with the outside world led to the expansion of local trade (non regional trade).
 - ii) It led to the development of a merchant's class in East Africa.
 - iii) Foreign goods, such as cotton cloths, glassware, weapons were brought to East Africa.
 - iv) Some rich traders used the wealth derived from the trade to establish states and empires at the Coast. For example, Mombasa, Lamu, Zanzibar and Mogadishu
 - v) Some crops were introduced by the traders. For example mangoes and maize were introduced in the interior of East Africa.
 - vi) Trade led to the introduction and expansion of Islam in East Africa.
 - vii) Slave-trade brought misery to the people of east African. It led to the death and displacement of some people.
 - viii) Urban centres developed along the East Coast of Africa and interior. For example, Kilwa, Malindi, Pate and Mamba
 - ix) It led to colonization of East Africa as European powers came to protect their traders.
 - x) Intermarriages between Arabs and local people.

- xi) Some of the Arabs who came to trade interfered in the running of some state at the Coast confusion over control of trade led to conflicts.
- xii) Trade led to the diffusion of material culture. For example new clothes and new styles of building were introduced in East Africa.

4. a) Identify three factors leading to the abolition of slave trade in the 19th Century?

- i) Humanitarian movement in Britain which viewed slave trade as unjust and inhuman.
- ii) Decline of plantation economy in the New World (the Americas and Caribbean Island).
- iii) Industrial Revolution in Europe, there was a need to retain Africans in their home countries so that they could produce raw materials
- iv) Views of conditions (Scholars) such as Adam Smith that free labour was more productive than slave labour.
- v) Resistance by Africans both in West Africa and in the New World made Europeans abandon the slave trade.
- vi) The need to discourage mass migration of population from Africa so as to retain the market for European manufactured goods.
- vii) The industrial Revolution in North America led to the use of machines and rendered slave trade unnecessary.
- viii) Coming of Christian Missionaries.

5. What is barter trade?

Barter trade is the exchange of goods for other goods/trade in kind.

6. a) What factors led to the development of trade between North Africa and West Africa during the pre - colonial period?

- i) Existence of enterprising North Africa merchants.
- ii) Availability of capital provided by the Barber merchants of North Africa.
- iii) Availability of trading items e.g. gold from West Africa and from salt mines of the Sahara Desert.
- iv) Demand for scarce goods in North Africa and West Africa.
- v) Existence of local trade in West Africa.
- vi) Presence of Tuaregs who guided the traders through the Sahara desert.
- vii) Presence of capable leaders/rulers who offered protection to traders/peace/security.
- viii) The use of camel and horse.
- ix) The presence of oasis.

b) Describe the effects of the Trans - Saharan trade on West Africa societies.

- i) The trade led to the development of towns in West Africa e.g. Gao, Timbuktu.
- ii) It led to the spread of Islam.

- iii) Led to the emergence of a class of wealthy - the merchants who participated in the trade.
- iv) The trade promoted intermarriage between North Africans and West Africans.
- v) The trade introduced new cultural values in West Africans e.g. people adopted new styles of dressing and eating habits.
- vi) Trade led to the introduction of Arab architectural designs in West Africans.
- vii) Trade led to the development of empires eg. Mali, Songai and Ghana.
- viii) Led to decline of empires eg. Ghana, Mali
- ix) Introduction of Sharia/Islam laws/new ways of Islamic rulings.
- x) African was known to the outside world.
- xi) It led to depopulation of West Africa slave trade.
- xii) Establishment of diplomatic ties between West Africa and North Africa,
- xiii) Led to growth of agricultural production of West Africa slave trade.
- xiv) Led to increased warfare,
- xv) Led to spread of Islamic schools, education and universities.

7. Give ways through which slaves were obtained.

- i) Sale of social misfits by chiefs/leaders/through rates by traders of chiefs.

- ii) Sale of captives of war.
- iii) Enticement/trickery
- iv) Abduction/kidnapping

8. a) What factors contributed to the development of Trans - Saharan trade?

- i) Existence of local trade in the region provided a base for the trade.
- ii) Demand for West African goods such as gold, slaves and kola nuts in the North.
- iii) Demand for goods from the North e.g. salt, horses, cotton cloth and weapon.
- iv) Existence of rich merchants in the region who were willing to invest in the trade.
- v) Existence of trade routes made it easy for them to travel.
- vi) The camel made either journeys through the desert easy - they were able to carry heavy loads and travel long distances without water. They could also travel on sand with ease,
- vii) Tuaregs guided and guarded traders through the desert and also acted as interpreters,
- viii) Existence of oasis, which provided water/acted as resting point.
- ix) The conquest and settlement of Arabs in North Africa.
- x) Availability of trade items e.g. gold, salt from W. Africa.

b) Describe the difficulties faced by the Trans - Saharan traders.

- i) Communication barrier due to lack of a common language in which to conduct commercial transactions.
- ii) Traveling long distances and for many months across the dessert.
- iii) Traveling under extreme weather condition - too hot during the day and too cold at night,
- iv) Scarcity of water and food during the journey across the desert.
- v) Exposure of frequent sandstorms which killed many storms.
- vi) Loss of direction due to vastness of the desert/getting lost.
- vii) Attacks by hostile communities who sometimes robbed them of their merchandise.
- viii) Traders were sometimes attacked b insects e.g. scorpions/wild animals
- ix) Sometimes wars between kingdoms disrupted trade.

9. Distinguish between barter and currency systems of trade.

Barter systems of trade involves the exchange of goods with other goods where as currency system of trade involves the use of money to purchase commodities.

10. a) State the role played by the Tuaregs in the Trans - Saharan trade.

- i) They acted as guides to traders across the desert/they guided traders along the trade\route across the Saharan desert.
- ii) Provided security to traders/acted as guards.
- iii) They provided food/accommodation.
- iv) They acted as interpreters.

v) They maintained oasis/well/water sources.

b) Identify two trade routes which connected trading centres in the Western Sudan and North Africa during the Trans - Saharan trade.

i) From Sijilimosa in Morocco through That, Gao to Timbuktu.

ii) Fez Mareakech - wadeni - Walata

iii) From Tunisia through Ghadames and Agades to Hausaland.

iv) From Tripoli through Fezzan to Bornu.

v) From Cairo through Muizuk - Bilma – Kano

vi) From Sijilimosa - Walata - Taghaza – Audoghost

11. State one objective of international trade agreements.

i) To regulate transactions among members.

ii) Control unfair competition.

iii) Promote trade relations through dialogue.

iv) Control restrictions on trade member states.

12. What is the difference between barter trade and trade in which currency is used as the medium of exchange.

Barter trade refers to the exchange of one commodity for another whereas trade in which currency is used refers to the exchanging of a commodity for money.

13. a) What 5 factors undermined the Trans - Saharan trade?

i) Lack of a common language made it difficult for the traders to communicate.

- ii) The journey through the desert was sometimes hazardous due to frequent sand storms.
- iii) Sometimes traders lost their way through the desert.
- iv) Traders were attacked by desert robbers and would lose most of their belongings.
- v) Exhaustion of trade goods e.g. salt.
- vi) The journey across the desert was tedious and slow. It sometimes took the traders as many as three months to cross.
- vii) Political instability led to insecurity to traders.
- viii) Uncomfortable weather - too hot during the day too cold at night.
- ix) Attacks by wild animals and insects e.g. scorpions, snakes.

b) Explain why West Africa communities benefited from Trans – Saharan trade.

- i) West African communities were able to acquire essential commodities from the trade, for example cloth, glassware, horse, firearms and salt,
- ii) Commercial centres developed along the trade routes e.g. Timbuktu, Jenne, Gao and Kano. These enhanced local trade.
- iii) Some African leaders established strong armies with the firearms that they acquired from trade. They used the armies for defending and expanding their kingdoms,

- iv) It stimulated the production and exchange of locally produced commodities such as gold, kolanuts, ivory and slaves/local trade was stimulated.
- v) It led to the spread of Islam.
- vi) Introduction of Islamic culture in West Africa e.g. architectural designs and clothing,
- vii) It opened up West Africa to the outside world and the establishment of diplomatic relations with north Africa.
- viii) Iron tools acquired through trade contributed to agricultural productions,
- ix) Revenue raised from trade taxes were used for developing the empire.

14. a) Describe how the Trans - Saharan trade was organized.

- i) The trade was between people of the Western Sudan and Arabs from North Africa.
- ii) Traders crossed the desert using camels.
- iii) The traders traveled in large caravans to enhance their security.
- iv) The Tuaregs/Berbers acted as guides to the traders through the desert.
- v) Tuaregs provided them with security.
- vi) The traders made stops at the oases to refresh themselves and let their camels drink water.
- vii) The Tuaregs took care of the oases.

- viii) The Tuaregs acted as interpreters at times.
- ix) The trade was conducted in barter/it involved exchanging of one good for another/silent trade.
- x) The rulers paid taxes to the kings of the western Sudan.
- xi) The traders paid taxes to the kings of the western Sudan.
- xii) The main items of trade were gold and salt.

b) What problems did the Trans - Saharan trade face?

- i) Long and dangerous journeys across the desert.
- ii) Inadequate water and food.
- iii) Extreme weather conditions of the desert - very cold at night and very hot during the day.
- iv) Attacks by hostile desert communities.
- v) Lack of a common language for transacting trade.
- vi) Frequent sandstorms.
- vii) Loss of direction in the vast dessert without assistance of the guides,
- viii) Attacks by dangerous desert creatures such as scorpions, snakes.
- ix) Insecurity because of declining and falling of kingdoms.
- x) Exhaustion of trade goods especially gold.
- xi) Frequent shifts of trade routes.
- xii) They were robbed by desert people.

15. a) Describe three ways which slaves were obtained during the Trans –

Atlantic trade.

- i) Through exchange of slaves for Europeans manufactured goods - exchange of slaves.
- ii) By selling prisoners of war to slave dealers - selling prisoners.
- iii) Lonely travelers and weak subjects were kidnapped and sold as slave - kidnapping.
- iv) Some rulers sold their subjects/criminals to slave dealers.
- v) By enticing people/children using desirable goods such as cloth and sweets - enticing
- vi) Through raiding - villages were attacked and captives sold to slave dealers.
- viii) Parrying - (Selling of debtors)

b) Explain six factors that led to the decline of the Trans - Atlantic trade.

- i) The development of industrial Revolution in Europe shifted the demand from slaves to agricultural produce e.g. Palm Oil.
- ii) The need to retain Africans in their homelands to produce raw materials for export to Europe,
- iii) The attainment of independence by the USA left Britain without colonies where she would take the slaves to work,
- iv) The rise of humanitarians in Britain made up of missionaries and some parliamentarians pressurized the British government to abolish the slave trade and slavery,

- v) The development of legitimate trade which was more profitable and less costly replaced slave trade and slavery,
- vi) Britain influenced other European countries to stop slavery and slave trade by signing anti-slave trade treaties.
- vii) Use of machines in firms/industries rendered slave labour unnecessary,
- viii) Leading economists e.g. Adams Smiths argued that free people were more productive than slaves.

URBANIZATION

1. a) **State five factors that led to urbanization in pre - colonial Africa.**
 - i) Development of agriculture led to the concentration of people in settlements which subsequently developed into urban areas.
 - ii) Development of trade: Some cities in pre - colonial Africa emerged out of markets centers,
 - iii) The need for security encouraged people to settle in protected centers, some of which eventually developed into urban areas.
 - iv) Some cities grew out of religious centers which attracted population concentration,
 - v) Major crossroads influenced the development of some urban centers in Africa.
 - vi) Some urban centers developed around royal/administrative centers.
 - vii) Mining centers
 - viii) Harbours and ports.
 - ix) Availability of water for domestic irrigation and industrial purposes.
- b) **Discuss the problems of urbanization in Cairo.**
 - i) Overcrowding - Cairo is Africa's largest city and one of the largest in the world. It is terribly overcrowded - Overcrowding made life for many in the city unpleasant for it led to widespread squatters squalor e.g. inadequate social services - because of its size and

rapid growth it has been difficult for the government to provide enough social services.

- ii) Housing is scarce - Some people are even forced to live in cemeteries and rooftops. In 1973, for example, one million people were living in cemeteries.
- iii) Health vices/poor sanitation.
- iv) Education
- v) Inadequate infrastructure - It has not been possible to develop the city's infrastructure as fast as the city's population growth. As a result roads are congested/jams and many areas of the city are poorly served with water, electricity/and telephones.
- vi) Unemployment - The city of Cairo has not been able to generate many jobs as its rapidly growing populations requires.

Unemployment is therefore high. The economic and social costs of high unemployment are equally high.
- vii) Social dislocation - Cairo suffers from all the social dislocations of very large cities. Crime and prostitution, insecurity and inequality are widespread. This takes a heavy toll on the lives of many residents of the city.
- viii) Lack of food due to increased population growth.
- ix) Pollution from vehicles, industries, desert dusts, garbage.

2. a) **List 5 factors which led to rapid development of urban centers.**
- i) Establishment of industries/rapid industrialization.
 - ii) Enclosure systems created a class of landless people who migrated to urban centers/rural urban migration,
 - iii) Increased mining activities.
 - iv) Expansion of transport system/communication.
 - v) Expansion of capital for investment.
 - vi) Existence of entrepreneurs who were willing to invest surplus capital.
- b) **Explain the result of urbanization in Europe in the 19th Century.**
- i) Migration of many people to towns led to overcrowding in urban centers,
 - ii) Increase in urban population put pressure on limited social amenities such as schools and hospitals,
 - iii) It led to the development of slums especially for those who could not afford to pay house rents,
 - iv) Urbanization led to environmental pollution due to uncontrolled disposal of industrial and domestic wastes/poor sanitation.
 - v) Crime rate increased with the increasing number of unemployed people in the urban centers.
 - vi) Establishment of industries in urban centers created employment opportunities.

- vii) Urbanization led to improvement of transport and communication/infrastructure such as postal services/road/railway.
- viii) Urbanization led to interaction between different communities from different parts of Europe in urban centers and this promoted political awareness among the masses,
- ix) The demand for raw materials and food in urban centers led to expansion in agriculture,
- x) Urbanization led to interaction between different communities from different parts of Europe in, urban centers and this promoted political awareness among the masses.
- xi) Urbanization led to agricultural land being encroached upon as the urban centers expanded

3. Give two factors which led to early urbanization in Africa.

- i) Trade
- ii) Mining/iron working industries iii) Religion
- iv) Agriculture
- v) Administration
- vi) Security
- vii) Transport and communication viii) Education centre e.g. Fez and Alexandria

4. Give two factors which influenced the development of urban centres in Greece.

- i) Security - location in area which could be easily defended.

- ii) Trade/commercial activities with other countries.
- iii) Religion activities - towns developed around places of worship.
- iv) Accessibility and communication network.
- v) Availability of water.

5. a) What 5 factors influenced the development of urban centers in Africa?

- i) Discovery of new crops for farming led to the development of farming centers which attracted population and later became towns,
- ii) Trading activities between different communities led to the development of trading centers which later became towns.
- iii) Centers that were used for religious activities developed into towns,
- iv) Areas that had adequate security attracted population concentration and thus led to the development of towns.
- v) Places that were used for administrative functions developed into towns.
- vi) Places along the coast where ships stopped for supplies developed into towns,
- vii) Mining centers developed into settlements which became town for example Meroe.
- viii) Places where water for use was available attracted settlements and grew into towns,

- ix) Towns developed at crossroads.
 - x) Centers of learning e.g. Alexandria developed into towns.
6. a) **What factors led to the development of urban centers in Africa during the pre - colonial period?**
- i) Landless peasants migrated to urban centers in search of employment/rural - urban migration.
 - ii) Inadequate housing in urban centers led to development of shanties.
 - iii) Pollution of the environment arising from industrial waste that were untreated.
 - iv) Administration/royal centre later developed into towns e.g. Kuasi and Addis Ababa.
 - v) Development of centers of learning later became urban centers e.g. Timbuktu.
 - vi) Development of agriculture led to availability of food which in turn encouraged people to establish permanent settlements,
 - vii) Religious centers developed into towns e.g. Ife and Kumasi
 - viii) Places that were secure attracted population concentration and later developed into towns e.g. Thababosiu the capital of Basuto land,
 - ix) Ports and harbours which were used as calling stations for replenishments developed into urban centers e.g. Cape Town, Malindi, Cairo.

- b) **Explain the social effects of urbanization in Europe during the nineteenth century.**
- i) Migration of people to urban centers.
 - ii) Inadequate housing due to high concentration of people in urban centers.
 - iii) Concentration of industries led to shortage of food which resulted in malnutrition.
 - v) Frustration and suffering urban life led to anti - social behaviour such as drug abuse, alcoholism and prostitution.
 - vi) Increase in crime rate and violence created fear and insecurity.
 - vii) Poor working conditions e.g. child labour, long working hours and lack of workmanships I. compensation dehumanized urban dwellers.
 - viii) High concentration of people in urban centers strained he social amenities e.g. school and hospitals.

SCIENTIFIC REVOLUTION

1. Results of the development of writing.

- i) It made information readily accessible to many members of the society.
- ii) The development of writing made it possible for idea to spread fast.
- iii) It facilitated the establishment of permanent records.
- iv) It led to the establishment of libraries and archives.
- v) Maintaining written records promoted accuracy as people no longer relied on the ability of a few to recall events and maintain continuity.
- vi) It facilitated communication between individuals who are physically separated/letter writing.
- vii) It promoted literacy as people became eager to read the written information/illiteracy reduced.
- viii) It encouraged the development of allied industries such as paper production,
- ix) It provided employment to people such as the scribes and teachers.
- x) Facilitated the spread of languages,
- xi) It led to invention of the printing press/printing
- xii) It led to establishment of schools and universities/not formal education.

- xiii) Led to the efficient of running of government e.g. In Egypt/unified empire of kingdoms,
- xiv) Facilitated business transactions e.g. Greece
- xv) Provided literature and theatre activities in Greece/poems,
- xvi) Promoted agriculture e.g. in Egypt (harvests records, taxes)
- xvii) Promoted the spread of religion through the written word.

2. In what ways did the development of steam engine contribute to the growth of industries in Europe during the 19th Century?

- i) The development of steam engine of facilitated faster transportation of raw materials and finished industrial products.
- ii) Facilitated faster transportation of industrial workers,
- iii) Provided a source of energy in the factories e.g. the spinning factory,
- iv) It was used to pump water out of the mines to facilitate mining e.g. coal mines

3. Identify the main source of industrial energy in Europe from the twentieth century.

Coal

4. State two scientific discoveries during nineteenth century which contributed to food preservation.

- i) Discovery of canning
- ii) Invention of refrigeration
- iii) Invention of pasteurization

5. State two inventions during the eighteenth century which improved textile industry in Britain.

- i) The spinning jenny which produced large quantities of cotton threads - James Hargreaves.
- ii) The spinning mule which produced high quality threads - Samule Compton.
- iii) The power boom which facilitated the weaving process - Edmund Cartwright.
- iv) The cotton gin which quickened the removal of seeds from cotton fibre - Eli Whitney
- v) The water frame the flying shuttle - John Key
- vi) The cylindrical calico printing machine - Thomas Bell

6. a) Which scientific inventions of the twentieth century have led to a reduction in death rates?

- i) The grouping of blood into various blood groups by Land Steiner in 1900 facilitates blood transfusions ad the storage of blood banks for later transfusion,
- ii) The X - ray by Roengen, German scientists, to view the bone structure and internal organs of the human body to facilitate treatment,
- iii) Penicillin, an antibiotic by Dr. Alexander Flemming in 1928 prolonged lived by treating infections.
- iv) The Polio vaccine in 1954 by Jonas Edward,

- v) Transplant surgery by Dr. Christian Barnard, A South African surgeon in 1967 succeeded in prolonging lives of kidney patients,
- vi) Heart valve in 1961 has prolonged lives through replacement of defective valves.

b) Explain the positive impact of scientific inventions on industry.

- i) The invention and use of machines in factories have led to production in large quantity of manufactured goods.
- ii) The science of electronics has led to the production and use of computers in processing information, weather research and spying purposes.
- iii) Research in science and technology has led to the development through the use of email and the internet,
- iv) The discovery of atomic power/nuclear has led to increased power generation for industrial use, electronic trains and supersonic jets,
- v) Scientific research has led to the production of alternative sources of energy for use in industries e.g. gasohol, methanol, solar energy.

7. Give two inventions that improved textile manufacturing industry in Britain in the 18th century.

- i) The shuttle of John Kay
- ii) Water frame of Richard Arkwright
- iii) Spinning Jenny of James Samuel Crompton.
- iv) Steam power loom of Edmond Carwright
- v) Cylindrical calico Printing Machines of Thomas Bell.

8. State one contribution of Joseph leister in the field of medicine in the 19th century.

- i) He discovered the use of carbonic acid as an antiseptic to clean/sterilize surgical instruments.
- ii) He discovered the use of carbonic acid to kill microbes around the wound after an operation,
- iii) He developed an antiseptic spray for cleaning the air during operations.

**POLITICAL SOCIAL AND ECONOMIC SYSTEMS
OF AFRICANS IN PRE - COLONIAL PERIOD**

- 1. Give two functions of the Buganda traditional parliament.**
 - i) It made laws for the kingdom.
 - ii) It checked on the activities of the government
 - iii) It represented the interest of the people.
 - iv) It advised the Kabaka.

- 2. State two functions of the Lukiko of the Buganda kingdom during the pre - colonial period.**
 - i) The Lukiko advised the Kabaka.
 - ii) Assisted the Kabaka to administer the kingdom.
 - iii) Made the laws/important decisions of the kingdom e.g. declaring the war
 - iv) It acted as the court of appeal/settle dispute.
 - v) Directed collection of taxes or planned government expenditure.
 - vi) Presented the interest of the people of the country.
 - vii) Checked the activities of the government.

- 3. a) State one way in which centralization of the authority contributed to the Success of the Buganda kingdom.**
 - i) It enhanced effective control of the kingdom.
 - ii) It promoted control of other traditional leaders e.g. clan heads and thus brought about unity,
 - iii) It enhanced loyalty to one single leader,

iv) It led to the emergency of able Kabaka who propelled the kingdom from strength to strength.

4. a) What were the economic activities of the people of the Asante empire?

i) They participated in the local trade where they exchanged commodities such as fish, salt and cloth with their neighbours, Goan and Ga.

ii) They participated in the long distance trade as middlemen between traders from North Africa and those from the South. Their main commodities of trade were salt, gold, kolanuts and slaves.

iii) They grew such as kolanuts and grain.

iv) They practiced crafts especially the manufacturing of items such as baskets and pots.

v) They practiced iron working and made tools like hoes, bangles and arrows,

vi) They practiced hunting and gathering of fruits and roots.

b) Describe the political organizations of the Asante Empire during the 19th century.

i) The Asante empire was a centralized state divided into three divisions namely: the nucleus: (Kumai) state outside Kumais (amattoo) and the conquered states.

ii) The overall ruler of the empire was Asantehehe, Kumasi was under the direct control of the Asantehene.

- iii) The conquered states were ruled by their kings but treated as provinces of Asante, Asantehene appointed representative in each conquered state,
- iv) The Asantehene ruled with the help of a confederacy of kings (Omanhehe). They took an oath of allegiance to ensure loyalty to the Asantehene.
- v) The Omanhehe represented the king in the provinces. They were allowed some autonomy but were expected to pay tribute to Asantehene soldiers in time of war.
- vi) The empire had a standing army which defended/conquered other states and maintained law and order in empire,
- vii) Religion played an important role which defended/conquered other states and maintained law and order in the empire.
