

## AGA KHAN UNIVERSITY

### CONSULTANT POSITIONS - DEPARTMENT OF MEDICINE

Aga Khan University (AKU) is a private, not for profit, university and teaching hospital system that comprises 13 campuses, seven hospitals and 320 outreach medical centres treating 2.2 million patients annually in Kenya, Tanzania, Uganda, Pakistan and Afghanistan. Aga Khan University Hospital, Nairobi (AKUH, N) provides tertiary and secondary level healthcare services. The hospital is internationally accredited by the Joint Commission International and is a premier provider of ambulatory and inpatient care, including critical care. The Medical College in East Africa is part of a visionary plan to create a comprehensive university in East Africa with a health sciences regional hub in Nairobi and campuses in Dar es Salaam and Kampala.

An excellent opportunity exists for you to join the Medical College for the following positions:

- Fulltime Faculty Neurology
- Fulltime Faculty Pulmonology

#### **Positions Summary:**

Successful applicants will join a growing and dynamic department committed to advancing best practice in

their discipline, expanding services that meet quality and patient service needs within an internationally accredited university hospital with outstanding diagnostic services. The applicants will develop their academic career in teaching and research.

Applicants must have Specialty Training with a Master of Medicine degree or equivalent recognized qualification must be registered with Kenya Medical Practitioners' & Dentists Council as a specialist. The ideal candidates should have excellent interpersonal and communication skills and demonstrated ability to lead a multi-disciplinary team.
